Author: OpenStax College

One flaw in dependency theory is the unwillingness to recognize _____.

Please choose only one answer:

- that previously low-income nations such as China have successfully developed their economies and can no longer be classified as dependent on core nations
- that previously high-income nations such as China have been economically overpowered by low-income nations entering the global marketplace
- that countries such as China are growing more dependent on core nations
- that countries such as China do not necessarily want to be more like core nations
