4. Chapter: A&P 13 Nervous System MCQ

1. A&P 13 Nervous System MCQ Questions

4.1.1. Aside from the nervous system, which other organ system develops ou...

Author: OpenStax College

Aside from the nervous system, which other organ system develops out of the ectoderm?

Please choose only one answer:

- digestive
- respiratory
- integumentary
- urinary

Check the answer of this question online at QuizOver.com:

Question: [Aside from the nervous system which other OpenStax College Anatomy](#)

4.1.2. Which primary vesicle of the embryonic nervous system does not diff...

Author: OpenStax College

Which primary vesicle of the embryonic nervous system does not differentiate into more vesicles at the secondary stage?

Please choose only one answer:

- prosencephalon
- mesencephalon
- diencephalon
- rhombencephalon

Check the answer of this question online at QuizOver.com:

Question: [Which primary vesicle of the embryonic OpenStax College Anatomy Quest](#)

Flashcards:

4.1.3. Which adult structure(s) arises from the diencephalon?

Author: OpenStax College

Which adult structure(s) arises from the diencephalon?

Please choose only one answer:

- thalamus, hypothalamus, retina
- midbrain, pons, medulla
- pons and cerebellum
- cerebrum

Check the answer of this question online at QuizOver.com:

Question: [Which adult structure s arises from the OpenStax College Anatomy](#)

4.1.4. Which non-nervous tissue develops from the neuroectoderm?

Author: OpenStax College

Which non-nervous tissue develops from the neuroectoderm?

Please choose only one answer:

- respiratory mucosa
- vertebral bone
- digestive lining
- craniofacial bone

Check the answer of this question online at QuizOver.com:

Question: [Which non-nervous tissue develops from OpenStax College Anatomy Quest](#)

4.1.7. What region of the diencephalon coordinates homeostasis?

Author: OpenStax College

What region of the diencephalon coordinates

homeostasis?

Please choose only one answer:

- thalamus
- epithalamus
- hypothalamus
- subthalamus

Check the answer of this question online at QuizOver.com:

Question: [What region of the diencephalon coordinates OpenStax College Anatomy](#)

4.1.9. What region of the spinal cord contains motor neurons that direct t...

Author: OpenStax College

What region of the spinal cord contains motor neurons that direct the movement of skeletal muscles?

Please choose only one answer:

- anterior horn
- posterior horn
- lateral horn
- alar plate

Check the answer of this question online at QuizOver.com:

Question: [What region of the spinal cord contains OpenStax College Anatomy](#)

4.1.10. Brodmann's areas map different regions of the _____ to particula...

Author: OpenStax College

Brodmann's areas map different regions of the _____ to particular functions.

Please choose only one answer:

- cerebellum
- cerebral cortex
- basal forebrain
- corpus callosum

Check the answer of this question online at QuizOver.com:

Question: [Brodmann's areas map different regions of OpenStax College Anatomy](#)

4.1.15. What condition causes a stroke?

Author: OpenStax College

What condition causes a stroke?

Please choose only one answer:

- inflammation of meninges
- lumbar puncture
- infection of cerebral spinal fluid
- disruption of blood to the brain

Check the answer of this question online at QuizOver.com:

Question: [What condition causes a stroke OpenStax College Anatomy Physiology](#)

4.1.16. What type of ganglion contains neurons that control homeostatic mec...

Author: OpenStax College

What type of ganglion contains neurons that control homeostatic mechanisms of the body?

Please choose only one answer:

- sensory ganglion
- dorsal root ganglion
- autonomic ganglion
- cranial nerve ganglion

Check the answer of this question online at QuizOver.com:

Question: [What type of ganglion contains neurons OpenStax College Anatomy Quest](#)

Flashcards:

4.1.17. Which ganglion is responsible for cutaneous sensations of the face?

Author: OpenStax College

Which ganglion is responsible for cutaneous sensations of the face?

Please choose only one answer:

- otic ganglion
- vestibular ganglion
- geniculate ganglion
- trigeminal ganglion

Check the answer of this question online at QuizOver.com:

Question: [Which ganglion is responsible for cutaneous OpenStax College Anatomy](#)

4.1.18. What is the name for a bundle of axons within a nerve?

Author: OpenStax College

What is the name for a bundle of axons within a nerve?

Please choose only one answer:

- fascicle
- tract
- nerve root
- epineurium

Check the answer of this question online at QuizOver.com:

Question: [What is the name for a bundle of axons OpenStax College Anatomy Quest](#)

Flashcards:

4.1.19. Which cranial nerve does not control functions in the head and neck?

Author: OpenStax College

Which cranial nerve does not control functions in the head and neck?

Please choose only one answer:

- olfactory
- trochlear
- glossopharyngeal
- vagus

Check the answer of this question online at QuizOver.com:

Question: [Which cranial nerve does not control OpenStax College Anatomy Quest](#)

Flashcards:

<http://www.quizover.com/flashcards/which-cranial-nerve-does-not-control-openstax-college-anatomy-quest?pdf=1505>
